

## Lenawee Cares Basic Information

Because generous people like you give to Lenawee Cares, --

- Russell, who is on dialysis, receives food from the Salvation Army Fresh Food Initiative, saving money on groceries so he can pay medical bills that his insurance doesn't cover.
- Chris increased her literacy skills and earned a promotion at work, because of the help she received at the Adrian Rea Literacy Center.
- The Johnson family received eviction prevention help from Legal Services, and assistance with one month's rent from Housing Help, so they wouldn't become homeless.
- And there's so much more!

Lenawee Cares, a program of Lenawee Community Foundation, was established by our community for the sole benefit of our Lenawee County community. We keep Lenawee first in our name and in our hearts. We appreciate those who supported Lenawee Cares last year and are happy to have the opportunity to provide an update.

Like last year, 10% of gifts will be placed in a permanent health & human services endowment, from which earnings will be utilized for grants forever. For example, our Kellogg Youth Fund has awarded over \$750,000 in grants and still maintains the \$1 million initial amount.

You may designate your gift to your home community, a specific nonprofit, or a service area, like youth or basic needs.

Does anyone have any questions?

As we work toward a stronger, healthier, and more vibrant Lenawee County community, we welcome your investment in Lenawee and its future. Thank you!
